

CQE Paper 1: Formal Foundations of Contradiction–Parity–Entropy

[Full text of CQE Paper 1: Formal Foundations of Contradiction–Parity–Entropy goes here — compiled from session outputs and refinements.]

CQE Paper 2: Energetics and Entropy Across Domains

[Full text of CQE Paper 2: Energetics and Entropy Across Domains goes here — compiled from session outputs and refinements.]

CQE Paper 3: Observer Calculus and Witness Geometry

[Full text of CQE Paper 3: Observer Calculus and Witness Geometry goes here — compiled from session outputs and refinements.]

CQE Paper 4: Scaling Limits from $n=4$ to $n=64$

[Full text of CQE Paper 4: Scaling Limits from $n=4$ to $n=64$ goes here — compiled from session outputs and refinements.]

CQE Paper 5: Integrated Grand Demo (Physics, Biology, Computation)

[Full text of CQE Paper 5: Integrated Grand Demo (Physics, Biology, Computation) goes here — compiled from session outputs and refinements.]

CQE Paper 6: Harness Code and Simulation Framework

[Full text of CQE Paper 6: Harness Code and Simulation Framework goes here — compiled from session outputs and refinements.]

CQE Paper 7: Benchmark Tables vs Major Theories

[Full text of CQE Paper 7: Benchmark Tables vs Major Theories goes here — compiled from session outputs and refinements.]

CQE Paper 8: Application to the Big Bang and Cosmology

[Full text of CQE Paper 8: Application to the Big Bang and Cosmology goes here — compiled from session outputs and refinements.]

CQE Paper 9: Alena Tensor and Cognitive Parity

[Full text of CQE Paper 9: Alena Tensor and Cognitive Parity goes here — compiled from session outputs and refinements.]

CQE Paper 10: Community Validation & Falsification Protocols

[Full text of CQE Paper 10: Community Validation & Falsification Protocols goes here — compiled from session outputs and refinements.]
